A Seven Year Strategic Plan given by God to Rev. Dr. Joseph Smith for IDCOG and cast on December 13, 2013.

"If you have the finances to complete an imagined task, it is only a project; but, if the task given is much too large to be completed with the available resources then it is clearly a vision."

Quoted by Dr. Kenneth Ulmer at "Synergize 4 Conference 2014."

Vision 2020 is a strategic seven year plan, inclusive of several diverse yet essential characteristics, to assist in transforming the Independence Drive Church of God into one of the leading churches in this nation in winning and growing disciples of Christ, and empowering them for a lifetime of service. Characteristics of Vision 2020 are inclusive of: the implementation of necessary church policies and procedures, setting mandatory church goals and objectives, implementing a financial plan, recruiting additional church volunteers, hiring full time employees, empowering members, and the application of emergency preparedness procedures, and expanding the existing worship center for the addition of souls.

IDCOG expects that this 2020 Vision along with the leading and guiding of the Holy Spirit, will assist in the transformation of this ministry into one of the leading churches in this nation in the recruiting, training and empowering of believers for a lifetime of service in Jesus Christ.

May God bless you for supporting Vision 2020!
